Attention: John Geroch

Subject: Soil Vapor Extraction System-Temporary Shut-Down Notification,
Boeing Realty Corporation, Boeing Former C-6 Facility-Parcel C,
Los Angeles, California

Dear Mr. Geroch:

Boeing Realty Corporation (BRC) has prepared this letter as a notification that we will be temporarily shutting down the Soil Vapor Extraction (SVE) system currently treating deep soil in the Former Building 1/36 area of the Former C-6 Facility (Site).

The SVE system will be shut-down on 30 September 2004 and will be removed from the Site during the month of October to allow for Site grading and new building construction/redevelopment. The SVE system will be re-installed in conjunction with the new Site building in spring of 2005 and start-up of the reinstalled system is anticipated during the summer of 2005. We will notify the RWQCB in advance of the system re-start.

BRC will continue to submit quarterly reports to the RWQCB during the shut-down period as required.

If you have any questions, please contact me at (562) 733-2173 or Mr. Scott Zachary of Haley & Aldrich at (619) 993-1791.

Sincerely,

A handwritten signature in black ink, appearing to read "Mario Stavale".

Mario Stavale
Senior Real Estate Manager
